Sam:

Thanks it was very helpful. Sorry I had to cut things off so abruptly, folks here are swamped. Thanks for all of your work. Let me know when you would like to schedule a follow up.

-Palmer

I hope it was helpful. A lot of info here and will continue to get refined, but I hope it was helpful to set the stage for this work and how it might be useful to your work.

Don't hesitate to reach out to myself or our team with any questions.

Best,
ss
